# EXPECT A TRAFFIC SHIFT ON US 129 CONNECTOR AT THE CLEVELAND BYPASS IN WHITE COUNTY

GAINESVILLE, Ga. – The Georgia Department of Transportation (DOT) is advising motorists in White County of a traffic shift on US 129 Connector at the West Cleveland Bypass, scheduled for Tuesday, June 8, 2015.

Traffic on US 129 Connector will be shifted slightly to the east to accommodate the new alignment of the highway with the West Cleveland Bypass.

This realignment operation and traffic shift are part of a 1.970 mile project to construct the West Cleveland Bypass. Work on this project began late August 2012. It is expected to be entirely completed this summer, at a construction cost of \$16,754,384.

*The Georgia Department of Transportation continues its RoadWorks 2015 construction program. Dozens of important roadway improvement projects are ongoing throughout the state as we work to deliver projects on time and on budget while keeping our transportation network the nation's finest. Pardon the necessary inconvenience and please drive cautiously and safely at all times, especially in work zones.*

**DriveAlert ArriveAlive** calls attention to an alarming increase in roadway fatalities across Georgia, many resulting from preventable crashes and distracted driving. **DriveAlert ArriveAlive** implores motorists to buckle up; stay off the phone and no texting; and drive alert.
